Re: Proposed annexation to the
City of Pomona
"Foothill Addition No. 1"

Dear Sir:

At the meeting held on October 26, 1955, the County Boundary Commission reviewed the boundary description and map submitted on October 10, 1955 by Mr. Charles R. Stapleton, Planning Director, 325 West Fifth Avenue, Pomona for the above proposed annexation to the City of Pomona.

Although the boundaries submitted do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable, the County Engineer called to the attention of the Commission that certain minor changes were desirable to clarify and perfect some of the references required to provide the definiteness and certainty intended under provisions of Section 35002 of the Government Code. Said revisions would make no change in the location of the boundaries shown on your map.

The County Boundary Commission approved the boundary description submitted by Mr. Stapleton and the alternate description recommended by the County Engineer and respectfully suggests the alternate description be used in all proceedings relating to the proposed annexation.

Very truly yours,

James S. Allison, Secretary

Dear Sir:

SUBJECT: City of Pomona
"Foothill Addition No. 1"

Pursuant to your request of October 11, regarding the proposed "Foothill Addition No. 1" to the City of Pomona, we have reviewed the legal description of the boundaries submitted by the City and find that, although these boundaries do not create islands or corridors of unincorporated territory, and conform with lines of assessment as nearly as practicable and can be approved by the Commission as to definiteness and certainty in accordance with the provisions of Section 35002 of the Government Code, certain minor changes are desirable to clarify and perfect some of the references.

Therefore, we have prepared the enclosed revised description of boundaries, which we recommend that the Commission approve as an alternate recommended description and forward to the City.

A map showing special districts in relation to the boundaries of this proposed annexation, and all original papers regarding this matter are enclosed.

Yours very truly,

John A. Lambie
